## AROUND THE HOTELS

Fleeing from the anger of the old folks, Police Officer J. W. Woodward and Miss Winifred Andrews, both of Newport News, eloped to Richmond yesterday, and were married in the parlors of Hotel Richmond by Rev. J. E. Poindexter. The bride is the daughter of Mr. and Mrs. William J. Andrews. They will go to Washington for a few days until the parental weather clears.

"I hear very little talk among the people of Mecklenburg," said Judge J. E. Poindexter, at Murphy's last night, "about the proposed amendments to the State Constitution. Personally, I expect to vote against all of them."

Judge Homes can see no good and sufficient reason why the Constitution should be amended in any particular at this time.

Dr. W. J. Coleman, of Mineral, Louisiana county, came to Richmond last night for medical treatment.

"I fear that the amendment to the Constitution regarding the election of treasurers and commissioners of the revenue will be carried," said a prominent Virginian in Richmond last night. "I will tell you why. Some one asked me if a voter could not vote for the amendment allowing treasurers to succeed themselves, and against that permitting commissioners of the revenue to be re-elected. I looked the proposition up, and found that the two go together. In other words, one must vote for both or vote against both. They are linked by the Constitution and by the amendment that separation is impossible. Therefore, I think the friends of the amendment will run again will make it a point to go to the polls and vote for the amendment. Those who have friends who are commissioners of the revenue will vote against it, and will do the same thing. In some cases some of these voters would try their ballots against one or the other proposition, but as they have a specific purpose in view, they will vote for the amendment. This will make it strong, especially in those sections where the vote will be light because

## CZAR AND CZARINA ON GERMAN SOIL

Hesse Authorities Seize Two Suspected Anarchists.

Friedberg, Hesse, August 30.—Emperor Nicholas and Empress Alexandra of Russia arrived here safely at 3:30 o'clock this afternoon. They were accompanied into German territory by a suite of fifty persons. Before the arrival of the imperial train great crowds gathered in the streets in hopes of having a view of the visitors.

Drive in Open Carriages. They were disappointed for the Emperor and Empress were driven from the railway station to the castle which they will occupy while here in an open automobile. Their suites followed also in open motor cars.

The Russian secret police have been for several days on the lookout for anarchists. Last night, at Bad Nauheim, they took into custody a Russian named Mandelberg.

Another Arrest Made. Shortly before the royal party arrived to-day the police arrested another man who is believed to be an anarchist. It is estimated that no less than fifty Russian and German political agents are now in Friedberg and adjacent places.

As is invariably the case when royal visits, sensational rumors were about to-day of impending and actual harm to the visitors. The arrival, however, of Nicholas and Alexandra was attended by no unpleasant incident.

of the fact that the election of the Democratic nominees for Congress is certain.

With little public interest, and with few making it their personal business to vote against the amendment, it is likely to carry. Nothing but an aroused public sentiment can defeat it."

Discharged Railroad Employee Slain When He Attempts to Assassinate Superior.

St. Paul, Minn., August 30.—C. P. Welch, a discharged special agent of the Great Northern Railway Company, entered the office of Special Officer Alg Ray to-day and fired five shots at him, but missed each time. Ray shot Welch dead.

Welch, who was about forty-five years old, had been discharged by Ray about two months ago for shooting a man at Duluth.

Fired Five Shots. Shortly after Mr. Ray entered his office to-day Welch appeared. As he opened the door to the office he drew a revolver and began to fire at Mr. Ray. At the fifth shot Mr. Ray returned the fire and killed Welch.

Welch was shot at least four times. One bullet went through the head and another through the stomach. Just before he fell Welch pulled a pint bottle of nitro-glycerine, a fuse and cap attached, from his pocket and hurled it to the floor and staggered through a door. It failed to explode, due to the fact that it was wrapped in heavy paper.

## RACE ALMOST OVER IN MAJOR LEAGUES

Class A Organizations Having Livelier Time Than the Big Fellows.

New York, August 30.—Muffled feet are beginning to march down the street for the baseball race of 1910. A few weeks more and the Eastern League and American Association will have hung up the shutter. Then a little later the major leagues will cease from trouble.

The class A organizations are having more fun to the last minute than the majors. In the American League it is conceded that the contest is settled, and possibly the only club which will not concede victory to Chicago in the National League. Pittsburgh.

The Cubs are not so far ahead that they may not be beaten, but they are not playing ball as they were last year. That much is plain to the least discerning eye. The quality of their game is such, that except for something which cannot be foreseen at the present time, they are likely to maintain the hold that they have on the pennant, even though they are not able to increase it.

The Pirates won the pennant last year by making a runaway race. They got their lead early, and they were not satisfied with the little which they had, but they continued to add to it. How Pittsburgh won is easily summed up in a few words. They batted the ball.

Strong With the Bat. And how they did it last season! Miller came to them at an opportune time, and his batting alone was one of the strongest factors in Pittsburgh's success. This season he has not been so powerful with the bat. Wagner, too, for weeks in the early part of 1910, was not batting as he did, and when two men of whom so much necessarily was expected, failed to meet expectations Pittsburgh failed.

Chicago's campaign this year was directed against Pittsburgh and New York, and has been effective against both teams. It either has been able to beat the Cubs a majority of games the race in the National League might not have been decided until the closing days of the year.

It was a wise baseball method on the part of Chicago, for other clubs in the National League, except New York and Pittsburgh, have made so little headway against the Cubs that severe defeat of the two possible contenders made the remainder of the path comparatively smooth.

In the American League there has been disappointment. Not so much, perhaps, in the fact that Philadelphia has won the pennant, as that Detroit and Boston have proven so weak in the general fight for the flag. At the start of the season little was expected from St. Louis, Chicago and Cleveland, which were in the process of reconstruction, and there were some who were averse to recognizing that New York had much place in the race, yet New York was a seasoned club in many respects, as compared with three of its Western rivals.

Washington Much Improved. Washington has been a thorn in the side of more than one club, demonstrating that Washington, as a team, had ability if only there were some one to bring it to the surface, and McLean has done so well that there are none too selfish to give recognition to his worth as a manager.

"Philadelphia's showing in 1909 was prophetic of what the team might be able to do this year. The players were good at the finish of last season, but this season they have done the year which had fitted it for the honor of championship that was to come.

The present lead of the Athletics is no fluke. It is simply the working out of a plan which has been promised for the club. The next test, which is to come, is the world's championship, and therein is another story. It will be told more than a month later.

Had Boston been possessed of a better pitching staff, the race might have been decided long ago. In the American League, in the games occurring at frequent intervals in which steady work in the box might have held for Boston some of the contests which were lost by narrow margins in the inability of the pitchers to prevent runs being scored. These men made up the last opportunities. When they go, they go for good.

Detroit Doesn't Like Defeat. Defeat sits heavily on the Detroit team, and there is reason for the defeat. Naturally there would have to be a pitching staff of the most important factor. The men on whom Jennings depended most failed to come up to requirements. The last time they did not hit as well as they should with weak pitchers, and there is only one result—that combination.

All these things have been at the moment the year is almost over, and even before it is completed, the players and owners are busy at work arranging their plans for a season to come, all of them trusting to find

## TIZ—For Sore Feet

Tired, Aching, Swollen, Smelly, Sweaty Feet? Corns, Calluses, Bunions? Use TIZ. It's Sure, Quick and Certain.

You will Enjoy Using TIZ. The Most Pleasant Remedy You Ever Tried, Works.

At last here is instant relief and a lasting, permanent remedy for sore feet. No more tired feet. No more aching feet. No more swollen, bad smelling, cracked feet. No more corns. No more bunions. No more calluses. No matter what ails your feet or what under the sun you've tried without getting relief, use TIZ.

TIZ is totally unlike anything else for the purpose you ever heard of. It's the only foot remedy ever made which acts on the principle of absorbing out all the poisonous exudations which cause sore feet. Powders and other remedies merely clog up the pores. TIZ cleanses them and keeps them clean. It works right off. You will feel better the very first time it's used. Use it a week and you can forget you ever wore a shoe. There is nothing on earth that can compare with TIZ for sale at all druggists, 25 cents per box, or direct, if you wish, from Dr. Luther Dodge & Co., Chicago, Ill.

the combination which shall lead them to success. It's no easy task. There are sixteen managers and sixteen owners who will certify to that statement.

### SHOWS GREAT INCREASE.

Reassessment of Real Estate in Lynchburg Amounts to \$13,909,555. Lynchburg, Va., August 30.—Compared with the reassessment of the real estate in the old part of the city with the new assessment, which has been completed, there has been a gain in five years of more than \$1,500,000 in value, while the increase over the assessment upon which the present tax levy has been based will be more than \$2,500,000.

The new assessment has just been completed, and the figures, as given out by B. E. Hughes, clerk to Assessors Dunaway and Larkin, shows the value of real estate and buildings in the city as it was prior to the assessment in 1905 as \$13,998,555, an actual increase over the 1905 assessment of \$4,096,065.

The figures are as follows: 1910 reassessment ..... \$13,998,555 1905 reassessment ..... 9,902,520 1910 increase ..... \$4,096,065

## CHOLERA SPREADS IN GERMAN CAPITAL

Fifteen Cases Discovered in City and Suburb of Spandau.

Berlin, August 30.—Fifteen cases of cholera, or suspected cholera, have been discovered in different sections of this city and the suburb of Spandau. Of the total, eight were located to-day. In Berlin proper there has been one death, and two suspected cases have been isolated. In Spandau there has been one death, another case has been definitely diagnosed as cholera and three other sufferers are under observation as suspected cholera victims. The sudden appearance of the pestilence here has caused great alarm on the part of the health administration and some apprehension to the public.

To Guard Against Epidemic. At a long conference of the health and police authorities, at which the Prussian minister of ecclesiastical affairs, instruction and medical affairs was present, it was determined to enforce the strictest application of precautionary measures long ago prepared for such an emergency. Extra watchfulness was deemed imperative.

Appears in Kiev. Kiev, Russia, August 30.—The bubonic plague made its appearance in this city for the first time to-day. A single case is officially reported.

Situation in St. Petersburg. St. Petersburg, August 30.—The mortality in this city attending the cholera epidemic is lessening. Yesterday's figures for the capital were 47 cases, 17 deaths and 633 persons under observation in the hospitals.

Eight new cases developed at Odessa during Sunday and Monday. Professor Rein, head of the special sanitary commission, which is now fighting the pestilence in South Russia, reported to-day from the province of Yekaterinoslav that the railways southeast had registered 2,319 cases among their passengers and employees. Extraordinary efforts are being made by the introduction of ambulance cars and medical aid to prevent the railways from serving as distributors of the infection.

## NOT HARVESTING RAINBOWS.

But Representative Lloyd Says Democrats Have a Chance.

Washington, D. C., August 30.—"For the first time in many years the Democrats have a substantial basis for hoping to elect a majority of the House of Representatives," said Representative Lloyd, of Missouri, chairman of the Democratic Congressional Committee. Mr. Lloyd explained that he was not disappointed in the harvesting rainbows, but that he expected to see no political tidal wave—no two to one or three to one victory," said the man from Missouri, "but a substantial working majority. My reports are surprisingly pleasing. There are a few States where the Republicans are showing more interest and concern for Democratic success than the Democrats are, apparently."

"Insurgents appear to prefer Democrats in Congress rather than 'stand-patters' and the 'status quo' or 'reactionary' organization, in other localities are reciprocating in kind. Between the two forces at war in the Republican party the Democrats must gain something. The whole Republican organization has been weakened by the fight. The Republicans have been divided and in discord before, but never quite so much as at present."

Chairman Lloyd admits that there are localities in which Democrats may vote for the Insurgent Republican nominees, but he believes that in most States where the Regular Republicans will support the Democratic nominee in preference to the Insurgent Republican will more than make up the Democratic defection to Insurgency.

## CIVIL SERVICE JOBS

Examination Soon to Be Held Here to Select Men for the Civil Service.

Uncle Sam is anxious to secure master mechanics for the United States Penitentiary at Leavenworth, Kan., and therefore a civil service examination will be held within the near future at the Federal building in Richmond. The date will be announced in a short time.

The salary for those who are employed will be \$1,500 per year. Applicants must be able to handle money, and will not be employed, even if they pass the technical examinations. None under twenty-five years of age will be accepted. Further information may be obtained by communicating with W. H. Ham, local secretary, at the Federal building.

A civil service examination will be held in the Federal building at Richmond on October 5 for the purpose of securing eligibles for appointment in the Signal Service at large. Applicants must pass an examination equal to that of an assistant electrician. The salary is \$1,500 per year.

## Injuries Prove Fatal.

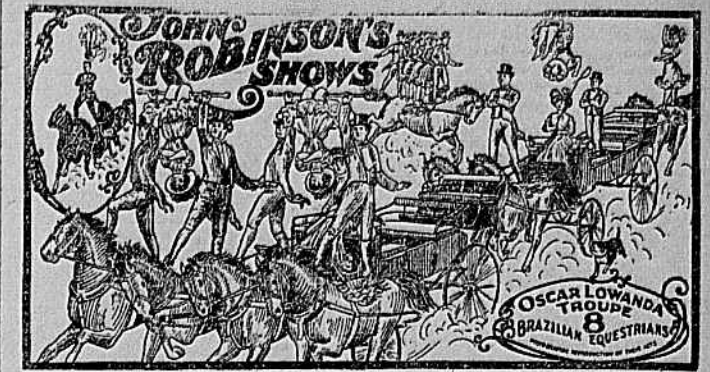

[Special to The Times-Dispatch.] Wadesboro, N. C., August 30.—Telegrams received here today tell of a sad accident at Enterprise, Ala., in which C. A. Batten, formerly of this place, lost his life. Mr. Batten was caught in the belts of a cotton gin and fatally injured, death resulting this morning.

## Mill to Resume Operations.

[Special to The Times-Dispatch.] Lynchburg, Va., August 30.—The Lynchburg Cotton Mill, which has been closed since last July, will resume operations again on September 6, at which time about 600 operatives are expected to go back to work, having been an enforced vacation of about six weeks.

## DECLARES RICHMOND WILL GET FRANCHISE

Manager Dunn, of Baltimore, Thinks Local Club Will Succeed Montreal in Eastern League. Announcement Expected Soon.

[Special to The Times-Dispatch.] Baltimore, Md., August 30.—That the franchise of the Montreal baseball club will be removed to Richmond before the close of the present season is the opinion advanced by prominent Eastern League club managers, among whom is Jack Dunn, manager of the Baltimore Orioles, now playing a second season in the Canadian town. Information comes to Baltimore to-night from the Baltimore team, and Manager Dunn himself says that the rumor is well founded. It is a well-known fact that President Powers, of the Eastern League, has been paying unusual attention to the baseball enthusiasm displayed in Richmond and throughout Virginia, and if the necessary financial arrangements can be made, there is hardly any doubt that next season Richmond will be treated to Eastern League ball.

## DAY POSTPONES OFFICIAL CANVASS

Returns From Two Counties Not Yet Received at Headquarters.

[Special to The Times-Dispatch.] Suffolk, Va., August 30.—Colonel C. F. Day, Democratic district chairman, announced to-night at his home in Smithfield that the meeting of the district committee, scheduled for to-morrow in Norfolk, had been postponed until Friday. The reason given is that the official returns from two counties had not yet been received by him from the respective county chairmen.

Particular importance attaches to this meeting because of the pending Maynard-Young primary contest, with the result of which the election of the Prince Georges County seat will be decided. Colonel R. S. Boykin, chairman of Nansemond, one of the missing counties, said to-night that he had sent the returns to Colonel Day, care of the Monticello Hotel, where the meeting was booked. Chairman Ewell, of Princess Anne county, could not be reached.

## Two Deserters Arrested.

J. F. Hynes and Frank Evans, deserters from the marine barracks, Portsmouth, to-day were sent to jail by Mayor Norfleet. Colonel Walter, in charge of the barracks, wired later that there is \$20 reward for the men, who will be sent back. Hynes and Evans enlisted from Iowa.

The dwelling of J. D. Bennett and contents, at Buckhorn, Va., were burned to-day, loss \$3,000, insurance \$2,000. The fire occurred during the absence of the family.

There is already a rumor that negotiations are under way for the removal of the Montreal franchise, and the announcement is anticipated within the next two weeks. Manager Dunn, who is recognized as a wiseacre in baseball matters, says that the change is sure to take place, and that Richmond will be the winner, owing to the close proximity of Richmond to Baltimore and the fact that some of the change is offered. It is the consensus of opinion that the Virginia metropolis will be in the Eastern League next season. President Powers is keeping quiet on the subject, but it is a known fact that he is dissatisfied with the manner in which baseball has been patronized in the Canadian town.

The chief reason for removing the franchise from Montreal is the fact that the games are not patronized as they should be. Montreal is chiefly French city, and the French are not very enthusiastic over American baseball. The attendance has been very poor, despite the fact that some of the best games of the season have been played there. Should the franchise be removed to Richmond, and there every reason to believe that it will, there will be no apprehension about the game being supported in the Southern city. Manager Dunn has already expressed himself in favor of Richmond. It is now up to the baseball people of Richmond to get in line for the change. It will place Richmond on the circuit of the big minor leagues.

W. B. Bradley, who holds the Richmond franchise, said last night that he had never been approached, directly or indirectly, with any proposition to buy the Montreal franchise, that he wouldn't give five cents for that franchise, because it was of no value. "If the Eastern League makes us a proposition, we will consider it, and we will see what sort of terms are offered. But nothing at all has been done so far."
